MEC Mashinini to "Clean up for Madiba"

This year will mark the first time the International Nelson Mandela Day will be commemorated without the liberation struggle icon and the first President of the Democratic Republic of South Africa. As part of celebrating the late Nelson Mandela's life, the MEC for Public Works and Infrastructure, MEC Sam Mashinini will be leading a team that will be doing Maintenance Work at Pelonomi Hospital in Bloemfontein on Friday, 18 July 2014.

MEC Mashinini will be accompanied by some of his colleagues from the Free State Provincial Government and staff of the Department where they will be doing several activities including cleaning, painting and grass cutting. All this will be part of an effort to ensure that the late icon's legacy lives on and to remind people of the value their small contribution can bring towards the improvement of lives of people in the Free State Province.

Your Media House is invited to attend.
