MEC MANCE TO CHAMPION CLEANING AND GREENING INITIATIVE AT LENYORA LA THUTO SECONDARY SCHOOL

As part of the country's broader commitment to environmental sustainability, Free State MEC for Public Works and Infrastructure, Dibolelo Mance, will lead a Cleaning and Greening Campaign at Lenyora la Thuto Secondary School in Botshabelo.

This initiative builds on the MEC's commitment made during the EXCO "Back to School" campaign, where she pledged to support efforts to create a cleaner, greener learning environment. The campaign will include waste clean-up activities, tree planting, and the establishment of a food garden, reinforcing the importance of sustainable practices in schools.

By integrating environmental awareness into education, this initiative not only enhances the school's surroundings but also empowers learner's with the knowledge and responsibility to protect their environment for future generations.

Date : 20 February 2025

Time : 09:00 AM

Venue: Lenyora la Thuto Secondary School - Botsabelo
